Education

- Frontend Development – Coderhouse (2022)
- JavaScript – Coderhouse (2022)
- “Next.js & React – Complete Guide” – Udemy (Maximilian Schwarzmüller)
- Self-taught training in TypeScript, MERN, and UI Libraries

Frontend Developer with over two years of experience building modern, scalable, and user-focused web interfaces using React, Next.js, and TypeScript. I specialize in developing fast, accessible, and performance-optimized applications, following best practices, writing clean and maintainable code, and working within agile environments. I have contributed to institutional platforms, web applications, and fullstack projects, always prioritizing product quality, efficiency, and effective team collaboration.

Work Experience

Frontend Developer Jr | Coder Craft

2024 - Present

- Developed modern interfaces with Next.js, React.js, and TypeScript focusing on performance and scalability.
- Built reusable UI components with Tailwind CSS, shadcn/ui, and Material UI.
- Collaborated in branching, pull requests, and code reviews using GitLab.
- Participated in Agile workflows: sprint planning, daily standups, and team reviews.
- Key projects:
 - Paredón: optimized, fully responsive corporate website.
 - Car Dealership: scalable API-integrated catalog platform.

Freelance Developer | SMEs & Professionals

2023 - 2024

- Designed and developed responsive websites and landing pages.
- Integrated REST APIs and third-party services.
- Implemented basic SEO optimization.

Trainee Developer | Private Project

2022

- First real-world experience with React.js and frontend development.
- Assisted in UI design, component implementation, and project structure.

Highlight Projects

- Record Label Portal (Fullstack) – Next.js, TypeScript, MongoDB
- Fast, minimal, and responsive web app with 5 optimized sections focused on user experience and performance.
- LinkHub for Musicians – Next.js, TypeScript
- Mobile-first link management tool.
- Hardware E-commerce – MERN Stack
- Online store with payment gateway integration.
- Child Psychologist Website – Next.js, Tailwind CSS
- Professional site tailored to its audience.
